The Bone Marrow Foundation
515 Madison Avenue, Suite 1130
New York, NY 10022

The Bone Marrow Foundation is a qualified organization recognized under section 501(c)3 of the Internal Revenue Code. Gifts are tax-deductible to the extent allowed by law.

Through a wide range of programs, The Bone Marrow Foundation provides vital financial assistance, educational information, and emotional support to improve the lives of patients and families facing the challenges of a bone marrow, stem cell, or cord blood transplant.

With your generosity, we will be able to assist even more patients and families—helping them to receive a life-saving treatment and move forward with their lives.

Be a Lifeline®

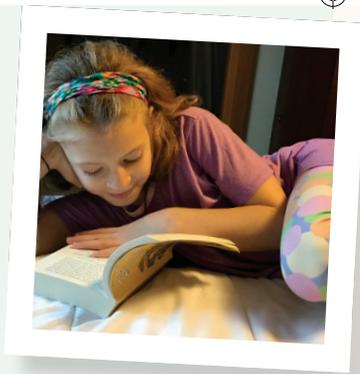

Or donate online at bonemarrow.org

Lifeline Fund

Transplant patients often lack the financial resources necessary to afford the often-overlooked living and ancillary expenses that can present considerable obstacles or prohibit the transplant altogether.

Naomi was diagnosed with aplastic anemia when she was only 6 years old. She ultimately received two transplants; her older brother was her donor for both. Her family turned to The Bone Marrow Foundation's Lifeline Fund for assistance to pay for costs related to her transplant, including co-payments and meals while receiving treatment.

Your \$5,000 gift will help the Foundation meet the needs of 5 patients like Naomi.

Scholarship Grants

Transplants affect all aspects of life and often prohibit the pursuit of educational opportunities. To address this, The Bone Marrow Foundation offers survivors support towards an academic future so their hopes remain intact. Scholarship Grants help cover tuition fees, academic supplies, and educational homebound equipment.

After receiving a bone marrow transplant, Megan decided to become a bone marrow transplant nurse herself. Her goal is to offer patients the understanding that only another transplant survivor shares. A Scholarship Grant from the Foundation is helping Megan pursue her goal.

Your \$3,000 gift will support the educational dreams of 3 survivors like Megan.

One-to-One Funds

The Foundation's One-to-One Funds provide a simple and effective way for a patient's family, friends, and community to raise money that will go directly to that patient to help cover transplant-related expenses.

Dalton was diagnosed with severe combined immunodeficiency (SCID) as a baby. He had an allogeneic bone marrow transplant, followed by post-transplant complications. Dalton's family set up a One-to-One Fund to raise money to help manage the continued medical expenses associated with his transplant.

Your \$1,000 gift will support the Foundation's ability to use One-to-One Funds to help families like Dalton's meet urgent needs.

Clinical Care Counseling

In addition to providing direct financial assistance, The Bone Marrow Foundation offers confidential individual and family supportive counseling, financial guidance, and resource referrals through the Clinical Care Counseling program. Social workers are available in person or by telephone to help patients, family members, and caregivers with their needs and concerns.

Kapil contacted the Foundation about his upcoming stem cell transplant to help fight his myelofibrosis, for which he was in the process of searching for a donor. The program provided him and his family somewhere to

turn to for answers and support during this frustrating and scary time.

Your \$500 gift will cover 4 hours of counseling support for patients like Kapil.
