

NCGPS

The letters 'NCGPS' are rendered in a bold, blue, serif font. A light blue, semi-transparent architectural graphic is overlaid across the letters. This graphic consists of two vertical rectangular pillars, one on the left and one on the right, connected by a horizontal beam. From the top of each pillar, a curved, tapering structure extends outwards and then downwards, meeting the horizontal beam. The overall effect is that of a stylized bridge or a modern architectural structure.
